# CLOSE CONTACT FLOWCHART

The following flowchart is WRCA's interpretation of the Public Health Order, BC Centre for Disease Control and the Ministry of Education documentation.  
(20 January 2022)

I am considered a "close contact" with someone who has COVID-like symptoms

## Close Contacts

A close contact is generally someone who has been near a person with COVID-19 for at least 15 minutes when health and safety measures were not in place or were insufficient. Generally, you should notify:

1. People you live with
2. People you had close contact with
